## AUCTION 32

Closing August 6, 1995, Sunday, 6:00 p.m. USA Pacific Time

Besides a few choice tokens from Hawaii, a number of scarce Mexican items can be found in the main Mexico listings and under Transportation Tokens. A small collection from Sweden has been compiled as well. Unlisted Bolivian telephone tokens are described. Several world rarities are to be found: a Colombia Mitad struck over a USA Hard Times token, a Nicaragua trade token, a North Borneo coal station chit and one of the world's oddities - a Russian beard tax token.

Lot descriptions are of necessity brief and oriented to numismatists. Sizes are in millimeters, although larger paper pieces are often in inches. Tokens are round unless otherwise indicated. Materials are shown as Al, Br, Cop, Ir, Ld, Nkl, Zn or Pl(astic). When parentheses are used it means that the information enclosed is not in the token legend or describes some device on the token.

Catalog numbers are often used to aid description, e.g. (L#101.3) and refer to the most standard U.S. work on the topic at hand. Since listing each reference would be too cumbersome, please write if you need to know which.

An "MB" or "Res." enclosed in parentheses with a dollar value (e.g. (MB\$25)) means a "Reserve" or "Minimum Bid". Without the "MB" the value stands for a bidding estimate.

Grading is subjective in a series as varied as tokens, especially when they are crudely made. I try to be conservative and in most cases have reduced items by one grade where there is any question in my mind. Comments on my listings and methods of operation are always welcome.

Please remember that a Bidder's Fee of 9% will be added to the sale price. A change has been made in Rule 3 to increase fairness in bidding. Thanks.

# MAIL BID SALE RULES AND TERMS

1. The sale closes at 6 p.m. USA Pacific Time on the date noted above or until 15 minutes pass with no additional telephone bids. Lots are sold to the highest bidder. In the event of tie bids the lot goes to the earliest arriving bid. Bids of only a few cents difference will be considered tie bids.
2. Bids must be in U.S. Dollars and those under \$3 are respectfully declined.
3. Winning bids will be reduced to a 10% advance over the next highest bid, or the Reserve (Minimum Bid) if any. In the event there is only one bidder, bids will be reduced to the published estimate, but not lower. The maximum reduction will be 65% of the highest bid in any case. Bids will not be reduced under \$25. In general acceptable bids will be those that are at least 60% of the published estimate.
4. Successful bidders will either be billed first or sent winning lots with the bill if they are established customers. Postage, shipping and insurance costs will be added to the invoices where such are appropriate. There will be a minimum charge of \$1 for postage and processing. A Bidder's Fee of 9% or \$1 will be added whichever is higher. California residents must pay 7% Sales Tax. Overseas customers must accept responsibility for postal delivery.
5. Prices Realized: please order them when you submit your bids. Do not send payment. I will include the cost with your bill, \$1 per copy.
6. Lots may be returned within 10 days of their receipt only if there is a major error in the description or in the material sent. Please check the shipments for such and keep a copy of the bids you submit. Please pay within 5 days.
7. Lots Made Up of Multiple Pieces: In most cases these consist of items which are a) very common, b) badly worn or damaged, c) issued after 1950 d) of little collector interest or e) all of the above. Please bid accordingly. I try to describe them as much as I can afford the space, but because of their nature descriptions have to be limited.

**BIDDING BY TELEPHONE?** My number is (415) 648-8634. The best hours to reach me are 7-9 a.m. USA Pacific Time. However the least expensive and most certain means to bid is by mail even if only on a postcard. At times business may keep me away from the phone for days. I will accept bids over the phone during the week prior to closing. Current bid levels are available from the computer. However if you request such information, you must bid at least 10% over the highest in order to have your new bid qualify. For items quoting under \$10, you must bid at least \$1 more to qualify. For those who like to call in bids at the last minute, I will have all current bids posted during the last week before closing, but often at the end of the last day this is not possible when they come in rather quickly. 98% of all successful bidding is accomplished with high bids by mail.

# JERRY F. SCHIMMEL

POST OFFICE BOX 40888

SAN FRANCISCO, CALIFORNIA 94140

U.S.A.

By the middle 1850s the Hawaiian Islands had organized into a kingdom recognized by the United States and European powers. By contrast settlements on the North American west coast were mostly fur trading posts, lumber operations or army bivouacs. Even the major port, San Francisco, was little more than an overgrown mining camp.

According to Donald Medcalf and Ronald Russell the first token issued in Hawaii was distributed then by John Waterhouse, a British dry goods merchant. It shows a bust of Kamehameha IV and a beehive. Mr. Waterhouse followed a tradition of many tradesmen and had a piece struck featuring the ruler closest to hand. There is still some question about who the bust resembles. (See Lbt 108.)
